36 Dimond reported there were 45 people in attendance at this event. The Committee agreed more
37 volunteers are needed to help guide runners on the trails, especially where the turnaround is
38 located. Both the 10K and 5K course needs to be better marked with paint, cones and stakes. Mark
39 Oligschlaeger suggested a dry run of the trail the night before the race is held to ensure the courses
40 are easy to follow. The Committee agreed they will have the trail run again next year.

41
42 At 8:15 p.m., Bruce Cox, Parks and Recreation Director, was excused from the meeting.

TAP FUNDING IDEAS

Chair Dimond recently rode his bike on the Frontage Road from Parrish Lane south to Pages Lane. He reported this road is in poor condition and in need of repair. He feels this section of the Frontage Road could be widened and striped with bike lanes. Mark Oligschlaeger explained this is not a well-traveled road for cyclists, as it does not connect to 400 West, where many cyclists ride their bikes. The Frontage Road from Parrish to Lund Lane will be widened and bike lanes will be added in 2018.

Three years ago, the City was considering a restroom next to the Legacy Trail. City Council Liaison, Robyn Mecham, reported the Maverick Gas Station that is being constructed next to Legacy will have restrooms. The City Council has been discussing widening the sidewalks on Main Street, and then placing benches and flower boxes on the side walk. This would remove the grass parking strip.

UDOT said they are willing to stripe bike lanes on Main Street.

Mark Oligschlaeger made a **motion** for the Trails Committee to vote in support of the Planning Commission's vote that was held on May 11, 2016, recommending that the City Council work in collaboration with UDOT to stripe bike lanes on Main Street.

Mikael Remington seconded the motion, which was passed by unanimous vote (4-0).

TOP FIVE PRIORITIES FOR TRAIL IMPROVEMENTS

1. Share the Road bike stencils painted in the bike lane from Reading Elementary to Porter Lane on 400 West.
2. Mountain bike loop at the Island View Park.
3. Mark the mountain trails with fiberglass markers.
4. Mountain bike trails in mountains. (The Bonneville Shoreline Master Plan needs to be reviewed to see what their plans are for this area).
5. Robyn Mecham will have a TOPO Map made that will be from the Freedom Hills Park to 400 North in Bountiful. Brandon Federico will talk to his friend at Biker's Edge to see how Biker's Edge made the bike trail that is above Kaysville, and how to design a mountain bike trail.

NEXT MEETING

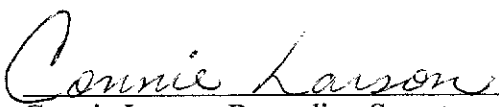

The next Trails Committee meeting will be held on June 16th, 2016 at 8:00 p.m. in the Administrative Conference Room at City Hall.
