PARK STRIP TREES IN THE CITY ORDINANCE

Chair Gary Woodward reported the park strip trees and other tree planting and care suggestions have been posted on the Tree Board webpage. Gary Woodward reported he has tried to contact Tree City USA on park strip trees, but they have not returned his email. He suggested their website link be posted on the Tree Board website for residents to access on their own. Chair Woodward will verify with the City Attorney if this is legal without contacting Tree City USA for their permission to post the link. Jennifer Hansen will do a tree logo on the links.

MISCELLANEOUS

Chair Gary Woodward reported he will continue to try and contact Bill Ince, City Council Liaison, regarding the update to the City Tree Ordinance to add new trees.

Scott Zeidler reported Diamond Tree Care has been clearing invasive trees on the east side of the Frontage Road in the pond area, and they also thinned the remaining trees. He also reported there are trees in Centerville that have been damaged by the recent winds and the east wind from last September. The Tree Board can promote caring for damaged trees.

Joy Chambers said she would like to have a container with tree stickers for children who come to City Hall. This will help children gain an awareness of trees. Chair Gary Woodward said he will ask for permission for the tree stickers to be placed at City Hall.
