**RESIGNATION OF COMMITTEE MEMBER**

Jon Ruedas has resigned as a member of the Parks and Recreation Committee. Mayor Wilkinson will be asked to appoint a new member to take his place.

**DISCUSS WORK SESSION WITH CITY COUNCIL**

The Committee discussed the work session that was held with the City Council. The Committee felt the work session went well, and it was covered in the City Newsletter and in a newspaper. The general feeling is the City Council agrees with the Parks and Recreation Committee, but they want a list of items the Committee wants to have completed. A list of large and small items will be completed and submitted to the City Council for approval. The City Council must ultimately give their approval for funding. Funding can come from bonds, loans, park impact fees, and the RAP Tax. Bryce King, Recreation Coordinator, suggested making a one-to-five-year plan on a timeline, and as items are approved, another item can be added to the list. He also suggested doing regular surveys with the public, and this information can be presented to the City Council on what the public would like to have at the parks. Bruce Cox will make a list of items needed at each park.

At 7:30 p.m., Bryce King was excused from the meeting.

The Committee discussed the proposed swing set for the Porter/Walton Park. The cost of the swing set is $50,000, because of site work and installation.

## PICKLEBALL COURT UPDATE

The change of the pickleball court's location to the new addition at the Smith Park was discussed. Dailee Gardner displayed a preliminary draft of eight pickleball courts for the Smith Park in the location where the Randall home was located. There is currently parking available at the park, and parking is available at City Hall. If the pickleball courts are approved, it will bring more activity to an underused park, and will eliminate the need for water, fertilizer, and maintenance if grass and trees were to be planted in this area. The only maintenance for the courts is to have the leaves blown off the courts and the nets repaired occasionally. The lighting for the courts would be the same lighting that is used at City Hall. An estimate to build the courts will be obtained. The State Outdoor Recreation Grant would be ideal for this project, and will be applied for if the City Council gives approval. The grant is applied for in May, and approval is given in the fall. There is a Pickleball Committee that will be notified when the City Council will be presented with this proposal, so that support from the pickleball community can be at the meeting. Bruce Cox, Parks and Recreation Director, will send a copy of the Master Plan to each Committee member for their review. Any edits that members feel should be made can be given to Dailee Gardner.

## OTHER BUSINESS

Bruce Cox, Parks and Recreation Director, reported the 4th of July Celebration Concept Plan to be held at the Community Park each year going forward was very favorable with the City Council.
