Item No. 1.
Title: Discussion - Rapid Reset Flashing Beacons (RRFB)
Initiated By: Mike Carlson, Public Works Director
Staff Representative: Mike Carlson, Public Works Director

SUBJECT:

Discuss the location for the second set of RRFBs

RECOMMENDATION:

BACKGROUND:

The first set of RRFBs will be installed at 400 west Porter Lane, to accommodate pedestrian traffic east/west across 400 west. Staff recommends placing the second set at 400 east Porter Lane at the school crosswalk to accommodate east/west pedestrian traffic.

Item No. 2.
Title: Discussion - Community Park Lighting
Initiated By: Bruce Cox, Parks and Recreation Director
Staff Representative: Bruce Cox, Parks and Recreation Director

SUBJECT:

Consider options for installation of new lights at Community Park

RECOMMENDATION:

BACKGROUND:

The Community Park has no parking lot lighting or site lighting on trails and walks nor any lights on the volleyball court. Funding for park site lighting was included in the proposed FY 2024 budget ($225,000) and was approved and adopted.

In addition, work was done to apply for an EECBG (energy efficiency and conservation block grant) from the federal government administered through the County to Cities that would reimburse most if not all of the project cost if awarded. After applying for the grant, Ryan Steinbeigle with Davis County, received word and communicated with Centerville Staff that the grant is only for funding projects that retrofit or replace inefficient lighting of buildings and not outdoor facilities, so our project does not qualify for any funding from this grant.

This issue is being brought back to the attention of the City Council to decide to use the budgeted funds to move forward with the lighting project, to use some of the budgeted funds to do a phase 1 of the lighting project and budget to do phase 2 of the lighting project in FY Budget 2025, to not do the project at all and use the budgeted funds for something else, or some other option.
