Item No. 1.
Title: Filming Agreement with Fabiola-The Germinator TV
Initiated By: Paul Child, Chief of Police
Staff Representative: Paul Child, Chief of Police

SUBJECT:

Consider entering into a Filming Agreement with Fabiola for a TV police documentary project

RECOMMENDATION:

BACKGROUND:

Last June a message was sent out to all Chiefs in Utah from the Utah Chiefs of Police Association (UPOA) regarding an TV police documentary project opportunity. The TV documentary was being produced by a company in Germany called Fabiola. The message from the UPOA directed any interested chiefs in the state to contact Fabiola directly if we were interested, I contacted the company along with a few other Chiefs around the state.

On July 24th I met with two representatives from Fabiola who came to the USA and visited several agencies in several states looking for suitable police agencies that would be willing to participate in this project. The documentary series was explained to me, and the representatives toured our facility and spoke with a couple of our officers, they also roamed around Centerville to get a feel of the area and demographics. After they completed their exploratory tour of the United States looking at several agencies, I was contacted by them, and they indicated that they were interested in partnering with our agency on this project and would be getting back with me sometime in the Fall.

On October 19th I received notification from Uwe Bohler, one of the representatives of Fabiola, that they would like to engage with us on this project with a projected filming window of late November-Mid December 2023, or end of April and into May 2024. They would like to produce eight episodes while here, the Discovery Channel in Germany has contracted with them to produce 30 episodes.

Brant Hanson and I discussed this TV documentary with Uwe to better understand what is being asked of us and how they would protect the privacy of persons we encounter. Uwe had previously provided to me a link to a website so that I could see their work to better understand the project. I will share with the council some clips without disclosing the website publicly.

I would like to have a discussion with the Council to inform you about this project and seek your approval to participate.
