PARKSTRIP AND STREET TREE DISCUSSION

City Attorney Lisa Romney updated the Council on damage to infrastructure from street trees, and showed photographs of sidewalk, curb, and utility pipe damage caused by tree roots. Ms. Romney said staff proposed the City adopt ordinance amendments prohibiting trees in park strips, with a continued tree voucher program, and mentioned Tree Board involvement in drafting amendments. She emphasized that park strip tree removal would be done over time in conjunction with sidewalk repair and street projects. The Council and staff discussed public interaction and sharing information with residents. Ms. Romney estimated that proposed amendments could be presented to the Council sometime in June, depending on Tree Board response time. Public Works Director Mike Carlson spoke in favor of the tree voucher program. Mr. Carlson said Public Works would be more aggressive with public communication moving forward.

ADJOURNMENT

At 6:45 pm, Councilmember Hayman **moved** to adjourn the Work Session. Councilmember Summerhays seconded the motion, which passed by unanimous vote (4-0).
