**PUBLIC HEARING – CENTERVILLE WATER CONSERVATION PLAN (2021)**

The City was required to adopt and update (every five years) a Water Conservation Plan in accordance with applicable provisions of the Utah Water Conservation Act. Deputy Public Works Director Dave Walker presented a 2021 update to the City's Water Conservation Plan, and answered questions from the Council. Mayor Pro Tem Mecham suggested the City notify residents whose water bills increased drastically and unexpectedly of the possibility of a leak in their system. Mr. Walker responded the Public Works Department usually communicated with residents with an unexpectedly high reading compared to historic numbers. The Council and staff discussed the cost involved with installing radio meters. Mayor Pro Tem Mecham said she wanted to get to a point that meters were read monthly year-round. Councilmember McEwan said he would prefer to get as close to real-time reads as possible from a conservation standpoint. City Manager Brant Hanson commented the cost could be passed on to homeowners directly, or indirectly through a property tax increase. Mr. Walker reported the City website would be updated in the next few months with additional educational information regarding water conservation.

Mayor Pro Tem Mecham opened a public hearing at 7:42 p.m., and closed the public hearing seeing that no one wished to comment. Councilmember McEwan **moved** to approve Resolution No. 2021-42 adopting updates to the Centerville Water Conservation Plan. Councilmember Ince seconded the motion, which passed by unanimous vote (5-0).

**MUNICIPAL CODE AMENDMENTS – CMC 2.03 – VOTER PARTICIPATION AREAS**

City Attorney Lisa Romney explained the City was required to update voter participation areas prior to January 1, 2022, and every 10 years thereafter. Davis County prepared updated voter participation areas for all cities in Davis County complying with statutory requirements. Ms. Romney said staff recommended adoption of the updated voter participation areas as recommended by the County.

Councilmember Ince **moved** to approve Ordinance No. 2021-27 amending CMC 2.03.160 and CMC 2.03.170 regarding Voter Participation Areas in accordance with Utah Code 20A-7-401.3. Councilmember McEwan seconded the motion, which passed by unanimous vote (5-0).

**PARTICIPATION IN NATIONAL OPIOID SETTLEMENTS**

As approved and directed by the City Council on November 3, 2021, the City Attorney registered the City for participation in two nationwide settlement agreements regarding opioid litigation. Since registration, the City received additional information and documents for participation if eligible. In order to participate in the settlements, the City must opt-in by January 2, 2022. She emphasized that the more cities that participated, the more money the State would receive.

Councilmember McEwan said he recommended the City not participate because of recent action in Federal Bankruptcy Court regarding the Sackler Family. He said he believed, from a moral standpoint, the Sackler Family needed to understand that communities across the country had seen lives destroyed, and they could not buy their way out of the situation. Davis County had filed its own lawsuit against the pharmaceutical companies. Councilmember Fillmore said she appreciated the idealistic stance, but commented that realistically the City would not independently take the issue further. Councilmember Fillmore said she believed the City should participate in the settlements. Councilmember McEwan said he did not believe it was right to let the Sackler Family walk away and remain the wealthiest family in America. He said he believed not participating was a good statement to make. Councilmember McEwan expressed the opinion that the State should continue to file a lawsuit and fight independent of the proposed settlements.

1 Councilmember Ince said he would prefer to understand the situation better before voting.  
2 Ms. Romney commented that the City could not change the terms of the settlement, and could  
3 not change the terms of the State's agreement to distribute the funds. Councilmember McEwan  
4 said his objection was related to terms of the settlement that shielded the Sackler Family from  
5 prosecution of a civil nature. He said he believed the moral issue was stronger than financial  
6 reimbursement that would put a dollar value on all the lives that were lost. Councilmember  
7 Fillmore spoke in favor of dedicating the dollar amount provided to helping those whose lives were  
8 affected by opioid addiction. Ms. Romney explained that the number of cities participating affected  
9 the calculation that determined how much the State would receive.

10  
11 Councilmember McEwan said he believed community leaders needed to be the voice for  
12 those who could not have a voice. Ms. Romney explained there was no guarantee Centerville  
13 would receive any funds from the settlements. Mr. Hanson recommended the City participate in  
14 the settlements whether or not Centerville would directly benefit. Mr. Hanson said he believed the  
15 position Councilmember McEwan advocated could speak volumes expressed as reluctance to  
16 participate, coupled with a desire to make sure the State received funds to assist those still  
17 struggling from the epidemic.

18  
19 Councilmember Fillmore **moved** to approve participation and settlement documents for  
20 participation in the National Opioid Settlements and authorize the City Attorney to sign and submit  
21 the same on behalf of the City. Councilmember Ince seconded the motion, which failed (1-4), with  
22 Councilmember Fillmore in favor and Councilmembers Ince, McEwan, Mecham, and Ivie  
23 opposed.

24  
25 Councilmember Ince **moved** to nominate Councilmember McEwan to put together a  
26 statement to send to the County, the Governor, and the Attorney General to express the Council's  
27 reasons for not participating in the settlements, to be signed by all Councilmembers willing.  
28 Councilmember Ivie seconded the motion, which passed by unanimous vote (5-0).
