19
20 **REPORT ON MEETING WITH PLANNING COMMISSION**

21
22 Chair Kyle Barney reported he met with the Planning Commission to give an overview of
23 the activities and goals of the Parks and Recreation Committee for the coming year. He reported
24 on the Movies in the Park, and on the Capital Improvement Plan. He discussed an email from
25 Loren Pankratz that Mr. Pankratz feels the most current Capital Improvement Plan was not given,
26 as it did not show the last change made to the list of projects. The debris basin near the cemetery
27 was discussed if it should be developed into residential housing or into a park. The Committee
28 discussed what they feel should be done with this property. They agree if the City is able to bond
29 and there is money left over from the bond after completing the Island View Park and the
30 Community Park, than this property could be developed into a park with unique amenities that
31 would draw and benefit the entire community.

32
33 Bruce Cox, Parks and Recreation Director, reported the County invested \$1.8 million to
34 make build the debris dam and fence upstream from the sedimentation basin, and they would like
35 to develop the property. The City Council is meeting tonight with the County on this item, and
36 they will probably ask for a public process before making a final decision.

37
38 **ISLAND VIEW PARK**

39
40 Chair Kyle Barney reported he visited Island View Park, recently and he believes the City
41 should bond against the RAP tax to make park improvements now rather than over the next ten
42 years. The park is in poor condition, and he displayed pictures of the equipment and facilities that
43 are in need of replacement and repair. The tennis courts are 35 years old and need to be replaced.

44
45 At 7:25 p.m., Brian Curnow arrived at the meeting.

Bruce Cox, Parks and Recreation Director, suggested pickle ball courts at Island View Park, as this sport has become popular. He estimated it would cost \$650,000 to remodel Island View Park. Brian Curnow suggested a skate park. Mr. Cox explained that good skate parks will draw people from other communities, and a well-managed skate park needs supervision and a controlled access to avoid crime problems that have occurred at other skate parks. Mr. Cox suggested building a skate park as part of the South Davis Recreation District's Rec Center and controlling access and hours of operation the same as with the pool and ice rink for a better facility and safer environment.

Mr. Cox reported that Kathryn Drake, who is a graduate student from Brigham Young University, will be doing a capstone project with Centerville City. She will be doing a community outreach for feedback on what the community would like to see happen at the Island View Park. The Committee will meet with Ms. Drake on April 12th at 7:00 p.m., as she will need to get approval from Brigham Young University for this project on April 22nd. This means the Parks and Recreation Committee will meet on April 12th instead of April 26th. After Ms. Drake completes her project, the data collected will be given to the City Council with recommendations on changes and upgrades the Committee would like to see take place at Island View Park. At the next meeting, a discussion will take place on impact fees and projected revenues.

MINUTES REVIEW AND APPROVAL

Minutes of the February 23, 2016 meeting minutes were reviewed. Lynn Keddington made a **motion** to approve the minutes as amended. Melissa Larsen seconded the motion, which was passed by unanimous vote (4-0).

SELECTION OF MOVIES AND DATES FOR SUMMER MOVIES IN THE PARK

The Committee selected the movies to recommend to be shown this summer for the Movies in the Park. The movies are: McFarland USA, Star Wars VII, Zootopia, How to Train Your Dragon, Princess Bride, The Incredibles, Cinderella, Cokeville Miracle, and MegaMind will be a backup in case one of the above movies is not available. The dates the movies will be shown will be determined at the next meeting.
